

# Function Areas

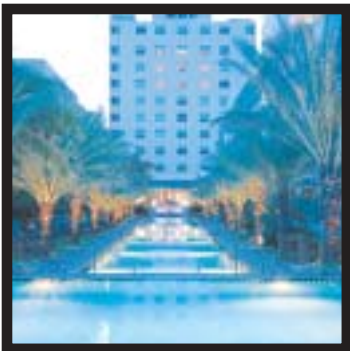

## Garden Terrace

Stretching alongside the garden side of the Historic tower building, the Garden Terrace is the ideal dining or reception spot for groups and overlooks the tropical gardens, the signature infinity pool and the ocean beyond. The Garden Terrace's North and Center sections are available for functions, whereas the South serves the Tamara restaurant.

## Mezzanine Balcony

The mezzanine balcony just outside Boardroom I and II provides a wonderful setting for coffee breaks, casual meetings or small cocktail receptions. This area overlooks both the historic lobby and the D' Lounge area.

## Poolside

One of the most stunning function areas in Miami Beach, the gardens around the National's famed 205-foot 'infinity pool' have been selected as the location for high end product launches, spectacular theme dinners, as well as elegant cocktail receptions up to 500 persons.

## Beachside

Functions on the National's beach can be arranged subject to permitting from the City of Miami Beach.
